

## Community Priorities: General Design

- **Minimizing traffic impacts**
- **Safe and convenient pedestrian and bicycle crossings**
- **Design speed (mph)**
- **Bicycle and pedestrian connections to and through project**
- **Mitigation opportunities and options**
- **Traffic calming**
- **Grade impacts**
- **Noise abatement**
- **Coordination with other projects**
- **Increased traffic west of Stone Ave. – potential mitigation**
- **Flooding and drainage issues**
- **Impact on historic structures**
- **Innovation**
- **Building preservation**
- **Support for existing businesses**
- **Student impacts:**
  - Parent drop-off near Davis School
  - Tucson High students travel to and from Ronstadt Transit Center
  - Safford School to the high school
- **Concerns of increased traffic while maintaining connectivity to Downtown including 4th Avenue**
- **Appropriate future development opportunities**
- **Environmental issues**
- **FEMA issues**
